

MELINA ANDREA RODRIGUEZ ZULIAN

Full Stack Web Developer

JavaScript | React | Redux | Tailwind | NodeJS | Express | GIT | Sequelize | PostgreSQL

Rosario, Argentina | 3416529372 | melizulian@gmail.com

<https://www.linkedin.com/in/melizulian> - <https://github.com/melizulian>

Full Stack Web Developer with a background in basic web development (HTML, CSS), which was my first step into the programming world and propelled me to study Full Stack development, where I focused on Front-end and design. Specialized in Front-end with knowledge in agile methodologies, GIT, data structures, algorithms, and CSS frameworks. Currently, I am learning Tailwind CSS and Figma. My journey has allowed me to develop soft skills such as adaptability, collaboration, problem-solving, creative thinking, and tenacity.

TECHNOLOGIES

Front-end: HTML, CSS, JavaScript, React, Redux, Tailwind CSS

Back-end: NodeJS, Express, Sequelize, PostgreSQL

Tools: GIT, Agile Methodologies (Scrum), Figma

PROJECTS

Full Stack Web Developer - LegalTech CRM App

apr. 2024 - jun. 2024

Henry Bootcamp.

Development of a comprehensive customer relationship management system designed specifically for a law firm. This system optimizes client care, follow-up, and retention, while improving efficiency in the management of legal cases and the generation of legal documents. It allows lawyers and clients to access with their own users to manage appointments, documents, send queries, and track relevant activities in a centralized and secure manner.

- Designing a user interface (UI) to ensure an optimal user experience (UX).
